## Cable News

### TAFT GREATLY DISAPPOINTED

(Associated Press Cable.)  
KALAMAZOO, Mich., Sept. 21.—During the banquet tendered to President Taft this evening in this city the news of the defeat of the Liberals in Canada and the practical defeat of the reciprocity agreement was announced. The President declared that he was disappointed in the result of the Canadian election, upon which depended the success of reciprocity between that country and the United States. He stigmatized as the annexation talk in Canada, promulgated by the Conservatives for political reasons, as "booth."

CHINGTU SIEGE RAISED.  
CHUNGKING, China, Sept. 21.—Word has been received in this city that the siege of Chingtu, in the province of Szechuen, has been raised and that the foreigners who remained bottled up in that city are safe. The news has caused much satisfaction in the foreign colony here, which has recently been augmented by refugees from Chingtu. It is believed that the foreigners now in Chingtu will leave for this city or for Hankow. It is stated that the siege was raised by 1500 regular troops, who made forced marches to reach the city in time to save it from capture and sack.

MONTREAL, Que., Sept. 21.—By the biggest majority ever recorded in Canada in any election, the voters today turned down the offer of the United States to enter into a reciprocity agreement, the defeat of Sir Wilfrid Laurier and the Liberal party, running on a reciprocity platform, being complete and absolute.

Practically every one of the nine provinces repudiated the reciprocity plan and gave majorities to the Conservatives. In the landslide seven cabinet ministers were defeated in their constituencies, while Robert L. Borden, the Conservative leader, against whom a fierce campaign had been carried on in Halifax, carried that city by a majority of 200.

DIVERS GET TREASURE FROM SUNKEN VESSEL.  
SEATTLE, Wash., Sept. 21.—Divers have recovered gold from the wreck of the steamship Ramona valued at \$150,000. The first instalment of the treasure has arrived at this port. The steamer itself is reported to be a total loss.

The Ramona was on the way from Nome to Puget Sound ports and ran on the rocks at the entrance of the inland route near Queen Charlotte Sound one night during calm weather. The passengers were rescued in the boats and had a severe experience before reaching the southern Alaska coast.

SUGAR MOVES UP.  
NEW YORK, N. Y., Sept. 21.—Raw sugar is up seventeen points. Cuba centrifugal 96 degrees quoted at 5.92c., the highest in years.

## DIABETES

From late figures the hope of recovery under the new emollient treatment seems to be about as follows:

In people of sixty and over results are quite uniform, probably nine-tenths recovering. While at fifty and over a large majority of all cases yield to the treatment, below fifty and approaching forty the disease gets more stubborn, and between thirty and forty the percentage is not high—probably not much over half yielding.

Under thirty the percentage is low, and in children recoveries have been very few and most of those were obtained with the aid of skilled physicians forcing nutrition, with alkaline treatment to prevent formation of acetones.

The new emollient treatment is known as Fulton's Diabetic Compound. For sale by all druggists.

We desire every patient to write us who is not noting the usual improvement by the third week. Always state age. Literature mailed free. Jno. J. Fulton Co., 645 Battery St., San Francisco, Cal. We invite correspondence with physicians who have obstinate cases.

NEW YORK, N. Y., Sept. 5.—A talented green parrot gave an alarm of fire in a ten-story Madison avenue apartment house recently and saved the lives of twenty persons who would otherwise have been suffocated by the dense smoke which filled the upper floors of the building.

The parrot, owned by Henry W. Dearborn, secretary of the Hudson-Fulton celebration association, noticed the smoke shortly after midnight and roused its master by calling repeatedly, "Come on, Henry; come on; come on!" The fire was in the apartment just above. Mr. Dearborn awakened his family and ran with the parrot cage under his arm to the street, where he found a policeman. The blunderer passed the elevator and rushing through the upper floors of the building, roused all the occupants. The blaze was confined to the two apartments, causing a loss of \$10,000.
